

# BraunAbility

Life is a Moving Experience™

## Honda Power Side-Entry

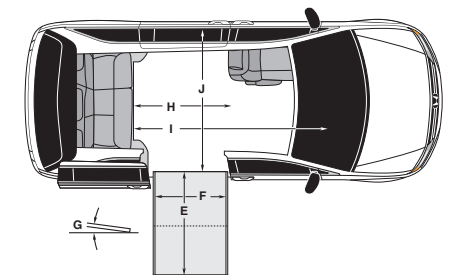

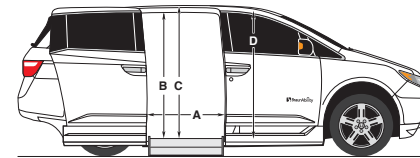

With its athletic exterior lines and a refined interior finish, you've never seen an accessible vehicle like the Honda Power Side-Entry.

The engineers behind BraunAbility's newest conversion call this a "lightning bolt" design, and it's easy to see why. The lines of our stylish ground effects blend seamlessly with our new step flare design cutting a sleek and modern contour. The new 50/50 ramp design creates a low profile interior look and makes the side door easier to access.

Superior design, safety and accessibility... the Honda Power Side-Entry is the complete package! Come see for yourself at your nearest BraunAbility dealer!

### Remote Control

The accessible functions are controlled by the Honda remote and several interior switches placed for your convenience.

All dimensions are for reference only.

Door Opening Usable Width (Slide Door)	A	30-1/2"
Door Opening Usable Height (Slide Door)	B	55"
Interior Height at Center of Van	C	60"
